## A Disastrous Error

The blunder of the democratic state central committee in sending out canned reports of the speeches supposed to be delivered by the candidates now touring the state has had a disastrous result. The first disaster occurred when the Virginia City Chronicle printed a report of a speech supposed to have been delivered in Tonopah by Senator Newlands.

The report says that great enthusiasm greeted the mention of the name of the democratic candidate for United States senator. It also relates how Senator Newlands in his "clear, calm style," discussed important issues. Senator Newlands may have discussed in a clear, calm style, but the discussion was in his apartments in the Mizpah hotel.

This is merely an instance of the truthfulness of the democratic accounts now being circulated in the press controlled by the leaders of that party. Truth appears to be an unknown factor in all democratic writings, and it is now evident that the voters of this state are now aware of how attempts have been made to gain votes by the circulation of lies.

The campaign is not being conducted by the democratic side along the clean, well defined lines of party principles, but attempts at distortion are in evidence in every democratic paper printed in the state. Not contented with the distortion of reports, the press has reverted to the old time practice of vilification and mudslinging.

In years gone by campaigns might have been won by such methods, but in the present age the voters demand facts and figures served without coloring and the candidates who conduct their campaign in a clean cut, gentlemanly manner, are assured of success. This is the reason the great majority of the voters have signified their intention of casting their ballots for Senator Massey and Congressman Roberts.

## Take the Common Sense View

Mr. Voter: Suppose you had employed a few years ago a man to superintend your business interests and he had allowed your property to deteriorate and had caused you to lose money. Suppose the matter had gone to such length that in order to protect your interests you had been compelled to discharge this manager, and had hired in his place a capable man who kept your property up in good shape and increased its earning capacity. Suppose the man who had FAILED asked you to discharge your present manager, who had MADE GOOD, and give him another trial.

## WOULD YOU DO IT?

In this campaign Senator Massey stands as the man who has MADE GOOD. The republican party has been a GOOD MANAGER of your interests. Are you going to turn it down for a FAILURE? When you go to the polls consult your COMMON SENSE. Do YOUR OWN thinking.—Goldfield Daily Tribune.

Jack Johnson, the colored pugilist, who has flitted with the law on numerous occasions, appears to have showed his contempt to the law of this land once too often. The fighter has acted in an egotistic manner ever since securing the championship, and has probably imagined that he is immune from legal proceedings. It will remain for the federal grand jury now investigating his case to determine Johnson's immunity.

A vote for Sardine Summerfield is a vote against Massey, but what is the use of advancing that argument. The voters of Tonopah and Nye county who have declared themselves for the bull moose candidate for president realize that Summerfield has as much chance of being elected as a tamale peddler has of disposing of his wares on the streets of Hades.

What a blessing it will be when the campaign is over and the newspapers devote some space to printing articles not touching upon political subjects.

Sardine Summerfield, progressive candidate for the senate, emphatically denied while in Tonopah recently, that he had asked to be appointed to the United States senate to fill the vacancy caused by the death of the late Senator Nixon. However, he made no explanation of the petitions that were circulated in his behalf.

Nearly 200 state police have been recruited and taken to Ely. The state is paying the bill and the taxpayers are paying the state. Effective work could be performed by one-third the number recruited, but then the officers would not have so many privates to boss around.

Peace in the United States will be declared on November 5 and then a truce will be signed for four years.

The cry of the moose has turned into a plaintive wail.

## Gray Hairs Sign of Age; Easy Way To Restore Color

HARMLESS OLD FASHIONED REMEDY BRINGS BACK COLOR TO GRAY HAIR

A harmless remedy, made from common garden sage, quickly restores gray hair to natural color. The care of the hair, to prevent it from losing its color and lustre, is just as important as to care for teeth to keep them from discoloring. Why spend money for cosmetics and creams to improve the complexion, and yet neglect your hair, when gray hair is even more conspicuous and suggestive of age than wrinkles or a poor complexion? Of the two, it is easier to preserve the natural color and beauty of the hair than it is to have a good complexion.

All that is necessary is the occasional use of Wyeth's Sage and Sulphur Hair Remedy, a preparation of common garden Sage and Sulphur, combined with other valuable remedies for dry, harsh, faded hair, dandruff, itching scalp and falling hair. After a few applications of this simple, harmless remedy, your hair will gradually be restored to its natural color, in a short time the dandruff will be removed, and your hair will no longer come out but will start to grow as nature intended it should.

Don't neglect your hair, for it goes further than anything else to make or mar your good looks. You can buy this remedy at any drug store for 50 cents a bottle, and your druggist will give your money back if you are not satisfied after using. You will never regret it when you realize the difference it will make in your appearance. Easy

If you want to sell your goods use the columns of the Bonanza. It gets results.
